

OFTEC ASSESSMENTS - GUIDANCE NOTE FOR CERTIFICATION BODIES AND APPROVED CENTRES

SECTION 1 - LIQUID FUEL ASSESSMENTS

CATEGORY 1, 2 AND 3 APPLICATION CONDITIONS

Category 1

Applicants in this category are regarded as experienced Liquid Fuel technicians and are required to hold OFTEC accredited certificate(s) for the assessment(s) they wish to undertake; they will need to provide an original certificate as evidence to the Assessment Centre prior to taking OFTEC assessments.

- Candidates holding OFT10-101 and/or OFT10-102 may take OFT10-105E and/or OFT10-600a assessment without training (and are therefore Category 1).
- Candidates holding OFT10-101 may take OFT10-201 without training (and are therefore Category 1).
- Candidates holding OFT10-105E must undertake training before taking OFT10-101 and/or OFT10-102 (and are therefore Category 2).
- Candidates holding OFT10-105E, and/or OFT10-102(D/W), must undertake training before taking OFT10-201 (and are therefore Category 2).
- Candidates holding OFT10-600a only are Category 3 for all other qualifications, unless they meet the pre-requisites for Category 2 status as listed below.

Note: A candidate who holds OFT10-102D, and then wishes to take OFT10-102W, would only have to sit Theory Paper 6 in order to achieve this, on condition that the candidate had achieved the first qualification no more than 3 months before the add-on is taken.

Category 2

Applicants in this category are regarded as holding a nationally recognised qualification in a trade associated with Liquid Fuel work, candidates must provide relevant qualifications to support entry (see qualification tables at the end of this document),

Or

Must provide written evidence to the AC confirming that they have undertaken 'on the job' Oil installation and/or maintenance training that would support their application for the range of assessments to be undertaken. That evidence shall be in writing from the employer detailing precisely the type, range and volume of work carried out.

Or

Have relevant skills and experience gained from working in a related trade such as Plumbing / Heating / Ventilation / Refrigeration / Air-Conditioning / Gas Fitting or servicing.

Applicants must provide evidence of this related experience to the AC. The evidence must consist of, as a minimum, the following:

- Name and address of the business(s) providing the related experience.
- The types of related work undertaken.

All Category 2 candidates must also undertake training at an OFTEC approved training centre.

The training must consist of training utilising the current OFTEC Technical Manual appropriate to the type of work and equipment that the candidate requires to be assessed against. The possession of the OFTEC Technical Book prior to training and subsequent assessment is mandatory.

See Annexes 1 and 2 at the end of this document

Category 3

Applicants in this category are regarded as new to the Liquid Fuel industry, and do not hold any national qualifications in a related field nor have any related work experience. Application conditions for this category require that the Category 3 applicant must:

- Obtain experience with an OFTEC registered business which is willing to provide an auditable extended Liquid Fuel training programme incorporating both On and Off the Job components with organisational support prior to the applicant taking OFTEC assessment. Evidence of the contents of the programme detailing the Off the Job training and On the Job experience must be presented to the AC as above

AND

- Undertake a training programme (OFT50) at an OFTEC approved training centre, which is planned, managed and organised by the training centre.

SECTION 2 – HEAT PUMP ASSESSMENTS

CATEGORY 1, 2 AND 3 APPLICATION CONDITIONS

Category 1

Applicants in this category are regarded as experienced heat pump technicians holding OFT accredited certificate(s) for the assessment(s) they wish to undertake; they will need to provide an original certificate as evidence to the Assessment Centre prior to taking OFTEC assessments.

OFT21-504A and/or OFT21-504G applicants must also hold a current and valid:

- Water Regulations certificate
- Unvented Hot Water certificate

Applicants seeking an extension to scope from either OFT21-504A to OFT21-504G or vice-versa may do so after undertaking training at an OFTEC Approved Training Centre, and are therefore Category 2.

Category 2

Applicants in this category must undertake heat pump training at an OFTEC Approved Training Centre prior to accessing the OFTEC assessments. This training will be provided impartially by the Approved Training Centre.

Category 2 applicants shall hold a nationally recognised qualification and/or hold appropriate registration in a trade associated with heating and/or plumbing. Applicants must provide evidence of relevant qualifications and / or registration to support entry.

Or

Must provide written evidence to the Assessment Centre confirming that the applicant has 'on the job' heating installation and/or maintenance experience (or for OFT21-504D applicants, heat pump system design work experience) for a period of not less than two years that would support their application for the range of assessments to be undertaken, and evidence of ongoing continual professional development. The evidence shall be in writing from the employer detailing precisely the type, range and volume of work carried out.

OFT21-504A and/or OFT21-504G applicants must also hold a current and valid:

- Water Regulations certificate
 - Unvented Hot Water certificate
-

Category 3

Applicants in this category are regarded as new to the heating industry, and do not hold any national qualifications in a related field nor have any relevant work experience. Application conditions for this category require that the Category 3 applicant must:

- Obtain experience with a competent person (CPS) and/or Microgeneration Certification Scheme (MCS) installation business who are willing to provide an auditable 'on the job' training programme prior to the applicant taking the OFTEC assessment. The training must be of a minimum six months duration, and incorporate, as a minimum, five completed installations.

And

Undertake at least one heat pump manufacturer's training course for installation and commissioning which is planned, managed and certificated as professional development (PD). Completion certificates must be provided for these courses.

And

Undertake planned and managed heat pump training at an OFTEC Approved Training Centre prior to accessing the OFTEC assessments. This training will be provided impartially by the Approved Training Centre.

OFT21-504A and/or OFT21-504G applicants must also hold a current and valid:

- Water Regulations certificate
- Unvented Hot Water certificate

SECTION 3 - SOLID FUEL ASSESSMENTS

CATEGORY 1, 2 AND 3 APPLICATION CONDITIONS

CATEGORY 1

Applicants in this category are regarded as experienced Solid Fuel technicians holding one of the following - they will need to provide an original certificate as evidence to the Assessment Centre prior to taking OFTEC assessments:

- OFTEC OFT15-108D (category 1 status for OFT15-108D and OFT18-108S)
 - OFTEC OFT15-108W (category 1 status for OFT15-108W, OFT15-108D and OFT18-108S)
 - OFTEC OFT18-108S (category 1 status for OFT18-108S only)

 - HETAS H003 AND H006 (category 1 status for OFT15-108D and OFT18-108S)
 - HETAS H004 AND H006 (category 1 status for OFT15-108W, OFT15-108D and OFT18-108S)
 - HETAS H005 (category 1 status for OFT15-108W, OFT15-108D and OFT18-108S)
 - HETAS H009 (category 1 status for OFT18-108S only)

 - BPEC Solid Fuel Installer (category 1 status for OFT15-108W, OFT15-108D and OFT18-108S)

 - CITY & GUILDS Level 3 NVQ Diploma in Domestic Plumbing and Heating (6189) - must include Solid Fuel pathway (category 1 status for OFT15-108W, OFT15-108D and OFT18-108S)
 - CITY & GUILDS Level 3 Diploma in Plumbing and Domestic Heating (9189-03) - must include Solid Fuel pathway (category 1 status for OFT15-108W, OFT15-108D and OFT18-108S)
-

CATEGORY 2

Applicants in this category are regarded as holding a nationally recognised qualification in a trade associated with Solid Fuel work; candidates must provide relevant qualifications to support entry

OFT15-108D / OFT18-108S

OFTEC technician with scope of work categories 101,102 or 105E

- or - Registered Gas Safe or RGII operative
- or - Registered member of GOMCS, APICS, NACS, NIACS, CSAI, ICS, CSA or NACE
- or - evidence of formal qualifications: City & Guilds 6129/6035 and 6089, or QCF 6189;
- or - (United Kingdom) N/SVQ Level 2/3 in plumbing or equivalent earlier certification that provides evidence of competence
(Republic of Ireland) FETAC Level 5 in plumbing
- or - HETAS H003 Dry Appliance Installer course
- or - BPEC Solid Fuel Installer or Solid Biomass course
- or - APHC Installation of Solid Fuel Appliances and Heating Systems Fed by Solid Fuel in Domestic Appliances course
- or - NVQ Level 3 in Inspecting and Designing Chimneys and Dry Solid Fuel Installations

Or

Have relevant qualifications, skills and experience gained from working in a related trade such as Plumbing / Heating / Ventilation / Refrigeration / Air-Conditioning / Gas Fitting or servicing.

Applicants must provide evidence of this related experience to the Assessment Centre. The evidence must consist of, as a minimum, the following:

- Name and address of the business(s) providing the related experience.
- The types of related work undertaken.

OFT15-108W

Compulsory: OFTEC OFT15-108D

And

- (United Kingdom) - N/SVQ Level 2/3 in plumbing or equivalent earlier certification that provides evidence of competence
(Republic of Ireland) - FETAC Level 6 in plumbing
- or - evidence of OFTEC 101 or 105E;
- or - evidence of formal qualifications: City & Guilds 6035 and 6089, or QCF 6189;
- or - HETAS H004 Wet Appliance Installer course
- or - BPEC Solid Biomass course
- or - Gas Safe Registered Operative holding a current CENWAT category
- or - RGII Registered Operative holding a current GID category

All Category 2 candidates must also undertake training at an OFTEC approved training centre.

The training must consist of training utilising the current OFTEC Technical Book. The possession of the OFTEC Technical Book prior to training and subsequent assessment is mandatory.

CATEGORY 3

Applicants in this category are regarded as new to the Solid Fuel industry, and do not hold any national qualifications in a related field nor have any related work experience. Application conditions for this category require that the Category 3 applicant must obtain experience with a business which is willing to provide an auditable extended Solid Fuel training programme incorporating both On and Off the Job components with organisational support prior to the applicant taking OFTEC training and assessment. Evidence of the contents of the programme detailing the Off the Job training and On the Job experience must be presented to the Assessment Centre as above.

Document change record

Date of change	Version No.	Details of change
21/11/2018	5	Addition of Section 2 (Solid Fuel). Examples and qualifications moved to annexes 1 and 2 respectively. Update to Annex 2
15/07/2019	6	Changes to Category 1 status re candidates holding the OFT10-600a only
16/07/2019	6.1	Changes to wording of Example "Applicant 1" in Annex 1
25/01/2021	7	Alteration to Category 1 Application Conditions for Solid Fuel - acceptance of non-OFTEC qualifications
02/06/2021	8	Addition of HETAS H005 as acceptable pre-requisite for all solid fuel assessments
13/10/2021	9	Change in wording for Category 1 (Oil) - addition of the words "for the assessment(s) they wish to undertake"
20/04/2022	10	Addition of Heat Pump assessments
11/10/2022	11	Revision to pre-requisites for Category 2 Heat Pump courses to take in Design.
02/03/2023	12	Revision to pre-requisites for OFT21-504D.
02/05/2023	13	Change wording 'Oil' to 'Liquid Fuel'
27/06/2023	14	Addition to pre-requisites for OFT18-108D.
30/10/2023	15	Removal of non-accredited schemes (transferred to document R576-NA)
03/11/2025	16	Addition of Heat Pump and Solid Fuel scheme requirements, removal of references to technical books and replace with technical manual

ANNEX 1

EXAMPLES OF APPLICANTS APPLYING FOR OFTEC LIQUID FUEL ASSESSMENTS.

Applicant 1

Experience in heating, previously worked in liquid fuel. Took OFT10-101 qualification in 2015, which expired in 2020. For past 5 years has not worked in liquid fuel but has been registered with CORGI / Gas Safe for the last 15 years.

This applicant meets the requirement for Category 1 providing evidence of OFT10-101 qualification is provided.

Applicant 2

Qualified electrician for last 12 years, holds 17th Edition Inspection and Testing qualifications. Also works in installation of solar photovoltaic panels and is a registered MCS installer.

This applicant has no qualification or experience in a related field as outlined for Category 2, and therefore should be regarded as a Category 3 applicant. The OFT50 course would be ideal for this candidate as they are used to working to building regulations.

Applicant 3

Currently Gas Safe registered, 21 years practical gas work experience.

This applicant meets the requirements for Category 2 providing evidence of Gas Safe registration and gas work experience is provided to the training centre.

Applicant 4

Has no experience in any related field but has self-installed an liquid fuel-fired boiler and heating system in their home which was signed off by the local Building Control Officer.

This applicant has no qualification or experience in a related field as outlined for Category 2, and therefore should be regarded as a Category 3 applicant.

Applicant 5

30 years' experience as a motor vehicle mechanic. Holds various manufacturers servicing and repair qualifications and CPD, including Volvo, Vauxhall and BMW. Holds NVQ's Level 2 and 3 Motor Vehicle Maintenance. Qualified MOT tester.

This applicant has no qualification or experience in a related field as outlined for Category 2, and therefore should be regarded as a Category 3 applicant.

ANNEX 2

UK QUALIFICATIONS AND CERTIFICATION SCHEMES AND THEIR SUITABILITY FOR ACCESSING OFTEC LIQUID FUEL ASSESSMENTS AT CATEGORY 2 STATUS.

The following tables contain details of Awards and Certification Schemes which are suitable for access to OFTEC assessments. **The tables should not be regarded as exhaustive.**

GAS UTILISATION (DOWNSTREAM)

Awarding Body	Name of Award or Certificate	Type of Award or Certificate	Qualification Number	Award Level

City & Guilds	Diploma in Domestic Heating (APL): Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-04	Level 3
City & Guilds	Diploma in Domestic Heating (APL): Gas Fired Warm Air Appliances	QCF / NVQ	6189-05 (EUSGU0021)	Level 3
City & Guilds	Diploma in Domestic Heating (APL): Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-06(EUSGU0022)	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating: Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-31	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating: Gas Fired Warm Air Appliances	QCF / NVQ	6189-32(EUSGU0021)	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating: Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-33(EUSGU0022)	Level 3
City & Guilds	Diploma in Domestic Heating: Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-41	Level 3
City & Guilds	Diploma in Domestic Heating: Gas Fired Warm Air Appliances	QCF / NVQ	6189-42(EUSGU0021)	Level 3
City & Guilds	Diploma in Domestic Heating: Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-43(EUSGU0022)	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating (JTL): Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-51	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating (JTL): Gas Fired Warm Air Appliances	QCF / NVQ	6189-52(EUSGU0021)	Level 3
City & Guilds	Level 3 NVQ Diploma in Domestic Plumbing and Heating (JTL): Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-53(EUSGU0022)	Level 3
City & Guilds	Diploma in Domestic Heating (JTL): Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-61	Level 3
City & Guilds	Diploma in Domestic Heating (JTL): Gas Fired Warm Air Appliances	QCF / NVQ	6189-62(EUSGU0021)	Level 3
City & Guilds	Diploma in Domestic Heating (JTL): Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-63(EUSGU0022)	Level 3
City & Guilds	NVQ Diploma in Domestic Plumbing and Heating (APL): Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-71	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating (APL): Gas Fired Warm Air Appliances	QCF / NVQ	6189-72(EUSGU0021)	Level 3
City & Guilds	Level 3 NVQ Diploma in Domestic Plumbing and Heating (APL): Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-73(EUSGU0022)	Level 3
City & Guilds	Diploma in Domestic Heating (APL): Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-81	Level 3
City & Guilds	Diploma in Domestic Heating (APL): Gas Fired Warm Air Appliances	QCF / NVQ	6189-82(EUSGU0021)	Level 3
City & Guilds	Diploma in Domestic Heating (APL): Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-83(EUSGU0022)	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating (Unit Route): Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-92	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating (Unit Route): Gas Fired Warm Air Appliances	QCF / NVQ	6189-92: 910(EUSGU0021)	Level 3
City & Guilds	Diploma in Domestic Plumbing and Heating (Unit Route): Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-92: 911 (EUSGU0022)	Level 3
City & Guilds	Diploma in Domestic Heating (Unit Route): Oil Firing Appliances, Solid Mineral Fuel or Biomass Fuel Pathways	QCF / NVQ	6189-93	Level 3
City & Guilds	Diploma in Domestic Heating (Unit Route): Gas Fired Warm Air Appliances	QCF / NVQ	6189-93: 919(EUSGU0021)	Level 3
City & Guilds	Diploma in Domestic Heating (Unit Route): Gas Fired Water and Central Heating Appliances	QCF / NVQ	6189-93: 920(EUSGU0022)	Level 3
BPEC	NVQ Diploma in Domestic Plumbing and Heating: Gas Fired Warm Air Appliances	QCF / NVQ	600/6285/X(EUSGU0021)	Level 3
BPEC	NVQ Diploma in Domestic Plumbing and Heating: Gas Fired Water and Central Heating Appliances	QCF / NVQ	600/6284/8(EUSGU0022)	Level 3
BPEC	NVQ Diploma in Domestic Heating: Gas Fired Warm Air Appliances	QCF / NVQ	600/6287/3(EUSGU0021)	Level 3
BPEC	NVQ Diploma in Domestic Heating: Gas Fired Water and Central Heating Appliances	QCF / NVQ	600/6286/1(EUSGU0022)	Level 3
EAL	MES Domestic Plumbing – Pathway ESB: Gas Systems (candidates who can provide workplace-based gas evidence)	NVQ	100/5650/6	Level 3

EAL	MES Domestic Plumbing – Pathway ESB: Gas Systems (candidates who can provide workplace-based gas evidence)	NVQ	100/5650/6	Level 3
EAL	MES Domestic Plumbing – Pathway ESB: Gas Systems (candidates who can provide workplace-based gas evidence)	NVQ	100/5650/6	Level 3
EAL	NVQ Diploma in Domestic Plumbing and Heating: Gas Fired Warm Air Appliances	QCF / NVQ	600/1451/9 (EUSGU0021)	Level 3
EAL	NVQ Diploma in Domestic Plumbing and Heating: Gas Fired Water and Central Heating Appliances	QCF / NVQ	600/1657/7(EUSGU0022)	Level 3
EAL	NVQ Diploma in Domestic Heating: Gas Fired Warm Air Appliances	QCF / NVQ	600/1453/2 (EUSGU0021)	Level 3
EAL	NVQ Diploma in Domestic Heating: Gas Fired Water and Central Heating Appliances	QCF / NVQ	600/1454/4 (EUSGU0022)	Level 3

REFRIGERATION AND AIR CONDITIONING

Awarding Body	Name of Award or Certificate	Type of Award or Certificate	Qualification Number	Award Level
City & Guilds	Refrigeration and Air Conditioning	NVQ	6017	Level 2
City & Guilds	Refrigeration and Air Conditioning	NVQ	6017	Level 3
City & Guilds	Refrigeration and Air Conditioning: Small Commercial & Air Conditioning Systems	NVQ	6087-02	Level 2
City & Guilds	Refrigeration and Air Conditioning: Commercial & Air Conditioning Systems	NVQ	6087-03	Level 3
City & Guilds	Refrigeration and Air Conditioning: Ammonia Refrigeration Systems	NVQ	6087-04	Level 3
City & Guilds	Refrigeration and Air Conditioning: Commercial & Industrial Refrigeration Systems Non-Ammonia	NVQ	6087-05	Level 3

HEATING AND VENTILATION

Awarding Body	Name of Award or Certificate	Type of Award or Certificate	Qualification Number	Award Level
City & Guilds	Heating and Ventilation: Heating and Ventilating Fitting	Full Craft Certificate	597-2	No level
City & Guilds	Heating and Ventilation: Domestic Heating	Full Craft Certificate	597-2	No level
City & Guilds	Heating and Ventilation	NVQ	6008	Level 2
City & Guilds	Heating and Ventilation	NVQ	6008	Level 3
City & Guilds	Heating and Ventilation: Installation	NVQ	6018-02	Level 2
City & Guilds	Heating and Ventilation: Installation	NVQ	6018-03	Level 3
City & Guilds	Heating and Ventilation: Maintenance of System Components	NVQ	6018-04	Level 2
City & Guilds	Heating and Ventilation: Rectification of Systems	NVQ	6018-05	Level 3
City & Guilds	Heating and Ventilation: Heating and Ventilating Fitting	NVQ	6040-02	Level 2
City & Guilds	Heating and Ventilation: Domestic Installation (Gas Option 201)	NVQ	6088-01	Level 2
City & Guilds	Heating and Ventilation: Industrial & Commercial Installation	NVQ	6088-02	Level 2
City & Guilds	Heating and Ventilation: Maintenance of System Components	NVQ	6088-03	Level 2
City & Guilds	Heating and Ventilation: Domestic Installation (Gas Option 301)	NVQ	6088-05	Level 3
City & Guilds	Heating and Ventilation: Industrial & Commercial Installation	NVQ	6088-06	Level 3
City & Guilds	Heating and Ventilation: Rectification of Systems	NVQ	6088-07	Level 3

OIL

Awarding Body	Name of Award or Certificate	Type of Award or Certificate	Qualification Number	Award Level
City & Guilds	Oil Fired Technical Services: Oil Fired Systems and Equipment Installation Domestic / Light Commercial up to 45kW	NVQSVQ	785786	Level 2
City & Guilds	Oil Fired Technical Services: Service and Commission Oil Fired Systems and Equipment	NVQSVQ	785786	Level 3
City & Guilds	Oil Fired Technical Services: Design and Install Oil Storage / Supply Systems and Associated Equipment	NVQSVQ	785786	Level 3

MANAGED LEARNING PROGRAMME

Awarding Body	Name of Award or Certificate	Type of Award or Certificate	Qualification Number	Award Level
Blue Flame Certification	Pathway to Gas: Domestic	Vocational Award	MLP	No level
Blue Flame Certification	Pathway to Gas: Commercial Heating	Vocational Award	MLP	No level
BPEC	Gas Foundation: Domestic	Vocational Award	MLP	No level
BPEC	Gas Foundation: Commercial Heating	Vocational Award	MLP	No level
Cert-ain	Domestic Gas Diploma	Vocational Award	MLP	No level
Cert-ain	Gas Diploma Commercial Heating	Vocational Award	MLP	No level
Cert-ain	Gas Diploma ESP/Metering	Vocational Award	MLP	No level
CITB	Intermediate Gas Certificate: Domestic	Vocational Award	MLP	No level
CITB	Intermediate Gas Certificate: Domestic – LPG All Sectors	Vocational Award	MLP	No level
CITB	Intermediate Gas Certificate: Commercial Heating	Vocational Award	MLP	No level
CITB	Intermediate Gas Certificate: Emergency Service Providers	Vocational Award	MLP	No level
ERS	Guild of Gas Fitting Operatives: Domestic - NG	Vocational Award	MLP	No level
ERS	Guild of Gas Fitting Operatives: Domestic – LPG All Sectors	Vocational Award	MLP	No level
ERS	Guild of Gas Fitting Operatives: Commercial Heating	Vocational Award	MLP	No level
Logic	APL Course: Domestic NG and LPG	Vocational Award	MLP	No level
Logic	APL Course: Commercial	Vocational Award	MLP	No level
Logic	APL Course: Emergency Service Provision	Vocational Award	MLP	No level
NICEIC	Elementary Gas Certificate: Domestic	Vocational Award	MLP	No level
NICEIC	Elementary Gas Certificate: Non-Domestic	Vocational Award	MLP	No level
UK Certification	Initial Gas Qualification (IGQ): Domestic - NG	Vocational Award	MLP	No level
UK Certification	Initial Gas Qualification (IGQ): Domestic – LPG All Sectors	Vocational Award	MLP	No level
UK Certification	Initial Gas Qualification (IGQ): Commercial Heating	Vocational Award	MLP	No level
UK Certification	Initial Gas Qualification (IGQ): Emergency Service Provider	Vocational Award	MLP	No level
